SUBMISSION GUIDLINES

1. The Journal of Science and Technology is aimed for publishing research works with scientific and practical values in scientific research, technological transfer and production practice. The work described must not have been published before in (or submitted to) another scientific journal. The manuscript can be written in both Vietnamese and English. Manuscript submission in English is strongly recommended.
2. The manuscript must not exceed the five-page length limit, typewritten in A4 size papers (210x297mm), including figure, tables, graphics and references and formatted as followed:
 - 10-Point Times, Times New Roman font should be used; margins to 2.5cm top and bottom, 4cm left and 2.5cm right.
 - Titles and abstracts must be written in both Vietnamese and English. A 150 to 200-word abstract is usually adequate for an article. The abstract should reflect the content and novelty of the research.
 - The text must be formatted in two columns, with 1 cm spacing between the columns.
 - The manuscript sent to Editorial office must include 2 originals and 1 softcopy.
3. The manuscript must be clearly printed; figures, tables and graphics should be prepared in good quality and put in the right places in the text (the Journal production staff does not modify or enhance them)
4. References must be only those cited in the article, combined into a single consecutively numbered list. The references should be numbered with Arabic numerals in the order of their citation in the text. For different citation sources the reference description must be as follows:
 - Journals: author(s), journal title, volume, number, pages, year (year is in brackets)
 - Books: author(s), book title, pages, Publishing House, location, edition and year of publishing.
 - Theses: author, thesis title, degree-granting institution and year of defense.
 - Conferences, workshops: author(s), presentation title, organizing institution of the event, location, date, pages.
 - Languages different from Latin letters should be transcribed to Latin letters.
 - Citation numbers should be inserted at the appropriate locations next to corresponding content in the text.
 - References should be placed at the end of the manuscript.
5. The work of the research project must have permission for proclaim from the institution in charge of the project (project title and code, project leader, management level...).
6. Unaccepted manuscript is not returned to the author(s). The "Received" date will be changed to the date on which the complete, corrected submission is received in the Editorial office.
7. The manuscript is reviewed by at least 2 reviewers invited by the Scientific Council of the University. The manuscript must be received in the Science and Technology Office of the University; otherwise it will not be accepted. Before publishing the Editorial board makes a final revision for being accepted manuscript; and if its content is not appropriate the manuscript must be revised from the beginning.
8. After the article is published its abstract will be posted in the website <http://bktech.hut.edu.vn> .
9. For contact convenience the author (or main author) of the article must give his/her address, telephone number and email address at the end of the manuscript.
